

Monthly Update

February 2025

Lee and Penny Anderson Arena

University of St. Thomas, St. Paul, MN

Executive Summary

Ryan Companies with the help of our trade partners worked through the following events within the month of February.

- Horwitz continued work on piping and mechanical rough-ins in the Main Arena and Auxiliary Ice Rink.
- Gephart continued in-wall electrical rough-ins at the Event level and Concourse level in the Auxiliary Ice Arena.
- Total Mechanical began prepping the subgrade at the Auxiliary Ice Rink in preparation for the ice slab pour in April.
- Gephart continued in-wall electrical rough-ins at all levels of both facilities.
- Gresser is continuing to erect interior CMU walls at the Main Arena and continues exterior stone installations at the north, west, and south elevations of the Main Arena.
- Ryan Self Perform continued pouring the steps in the Main Arena bowl and poured the second topping slab at the men's practice basketball court.
- Metro Manufacturing completed erection of the miscellaneous metal stairs at the student entry, men's basketball coaches' space, and concourse to club level lobby.
- Viking continued installing overhead sprinkler piping at the Main Arena.
- Custom Drywall continued exterior framing and sheathing of the Main Arena. They also continued interior framing at the main arena event, concourse and club levels.
- Central Roofing continued to roof the high roof at the Main Arena.
- Egan continued to install punched windows and started the curtain wall installation at the Main Arena entrance.
- Swanson & Youngdale continued to work through paint finishes at the softball and soccer locker rooms and shared reception space.
- Acoustic Associates mobilized on site and began setting tile in the soccer and softball locker rooms.
- Schindler mobilized onsite and began the installation of our first elevator.
