NAVIGATING THIS DOCUMENT

When viewed digitally, clicking on **web addresses** will open that website in your preferred web browser.

NOTE: Please be advised that all financial aid programs (need- and non-need-based) are subject to change. Most often the changes are a result of changes to federal and/or state programs and regulations. Information in this guide is accurate as of January 2025.

Please keep this guide for future reference. stthomas.edu/financialaid/undergraduate

OFFER NOTIFICATION INFORMATION

RESPONDING TO YOUR FINANCIAL AID OFFER

The Financial Aid Offer is for your records. To respond to this offer, please go to stthomas.edu/awarded and follow the instructions provided.

- 1 Accept or decline any federal or state work-study offered.** This is not a contract or a guarantee of employment. By accepting work-study, you are simply indicating you are interested in student employment opportunities and you plan to apply for an on-campus job. Students not eligible for federal or state work-study still can participate in on-campus employment. All students, regardless of eligibility, can review available jobs and submit applications online at stthomas.edu/jobs.
- 2 Accept or decline your loan(s).** If you would like to accept but reduce the amount of your loan(s), please indicate the reduced amount you wish to borrow in the space provided. If you accept your loan(s), we will contact you with detailed instructions on how to complete any loan requirements at a later date.

MURPHY ONLINE: THE ST. THOMAS STUDENT INFORMATION SYSTEM

St. Thomas students can use Murphy Online to view their student accounts and financial aid records. All students will need to activate their account to generate a username and password required to access this system. To view your financial aid records on the Murphy Online information system:

- 1** From any St. Thomas web page (stthomas.edu), select "OneStThomas" located in the header.
- 2** Log in to the **OneStThomas** secured area using your username and password.
- 3** Select "Apps & Tools" from the header and search "Murphy Online."
- 4** Log in to Murphy Online and select "Financial Aid."

Home: Review any outstanding requirements needed to fully process your financial aid and view related messages.

Offer: Review your financial aid award and accept or decline any offered loans or work-study.

FINANCIAL AID ADJUSTMENTS:

If there are changes in your financial situation, it is your responsibility to notify the Financial Aid Office. If any adjustment to your financial aid is required, you will receive a revised award notice. Changes in your financial situation might include the receipt of additional education resources (e.g., external scholarships, veterans education benefits, etc.) or actual education costs that are substantially different than what our office has estimated.

2025-26 UNDERGRADUATE COSTS

Costs for the 2025-26 academic year will not be final until May 2025. Final costs will be posted to the financial aid website (<https://www.stthomas.edu/costs/undergraduate/>) as soon as they are available.

The cost information provided here was used to package financial aid. While these figures are estimated, students should not expect their financial aid eligibility to change once costs are finalized. If financial aid is adjusted for any reason, including changes in the cost of attendance, students will receive a revised offer notice.

ESTIMATED TUITION

Per semester (12-18 credits)	\$27,400
Per school year	\$54,800
Per credit (less than 12 or more than 18 credits) . . .	\$1,660

ESTIMATED REQUIRED FEES

Total required fees	\$1,660
-------------------------------	---------

ESTIMATED HOUSING COSTS

Average double room cost	\$9,485
------------------------------------	---------

ESTIMATED FOOD COSTS

Average cost	\$5,660
------------------------	---------

ESTIMATED INDIRECT COSTS \$3,344

Indirect costs may include: books, supplies, transportation, personal expenses and potential loan fees. We provide an estimate of these costs for your planning purposes.

ESTIMATED COST OF ATTENDANCE FOR THE 2025-26 ACADEMIC YEAR

(Total Financial Aid Budget)	\$74,949
--	----------

2026 J-TERM COSTS

Enrollment for J-Term courses is optional. J-Term eBills are sent in December with payment due in full by Jan. 19. J-Term and spring enrollment will be combined for federal and state financial aid purposes only.

TUITION

Tuition for J-Term is discounted and equal to 50 percent of the per credit tuition charge set for the fall and spring semesters. Additional technology and facilities fees are assessed during J-Term (if enrolled).

HOUSING/RESIDENCE HALL

There is no additional charge to live on campus during J-Term if you are a resident in campus housing during the fall and spring semesters.

FOOD/MEAL PLANS

Supplemental meal plans are offered during J-Term but are not required.

2026 SUMMER COSTS

Enrollment in summer session is optional. Summer session eBills are sent in May with the first payment due by June 19. Summer session enrollment is not combined with any other term of enrollment for financial aid purposes.

TUITION

Tuition for summer session is discounted and equal to 50 percent of the per credit tuition charge set for the subsequent fall semester.

Additional fees are assessed for summer session enrollment. Housing for summer may be available for an additional charge. No meal plans are offered during summer session.

No institutional grant or scholarship funds are available during summer session and/or J-Term with the exception of some full-tuition scholarships.

2025-26 FINANCIAL AID DEADLINES

JUL. 31, 2025

All requested documents and forms must be submitted to the Financial Aid Office by this date to ensure that funds awarded to a student will be available by the start of the fall semester.

JUL. 31, 2025

The Free Application for Federal Student Aid (FAFSA) for 2025-26 must be received by the federal processor on or before this date to be considered for Minnesota State Grant funds for the 2025-26 school year.

SEPT. 16, 2025

Your financial aid for fall semester will be adjusted using your official registration as of this day. It is imperative that your registration is finalized by this date.

NOV. 10, 2025

Applications for J-Term financial aid will be available in the Financial Aid Office and online.

DEC. 1, 2025

Students who are enrolled only for fall semester jeopardize their chances of receiving aid if they have not finalized their financial aid file by this date.

A student's financial aid file must be complete (i.e., all forms and documents submitted and error free) to allow the Financial Aid Office staff adequate time to process financial aid for fall semester.

Any documents and forms received after this date will be processed, if time permits, but the availability of financial aid (grants, loans, etc.) for fall semester only is not guaranteed.

DEC. 19, 2025

This is the last day of fall semester. No aid can be processed after this date for students who plan to enroll only for fall semester.

JAN. 2, 2026

All requested documents and forms must be submitted to the Financial Aid Office by this date to ensure that funds awarded to a student will be available by the start of spring semester.

FEB. 3, 2026

Your financial aid for spring semester will be adjusted using your official registration as of this day. It is imperative that your registration is finalized by this date.

FEB. 27, 2026

Applications for summer financial aid will be available in the Financial Aid Office and online.

MAY 1, 2026

Students jeopardize their chances of receiving aid if they have not finalized their financial aid file by this date. A student's financial aid file must be complete (i.e., all forms and documents submitted and error free) to allow the Financial Aid Office staff adequate time to process financial aid for the 2025-26 academic year.

Any documents or forms received after this date will be processed, if time permits, but the availability of financial aid (grants, loans, etc.) for the 2025-26 academic year is not guaranteed.

MAY 22, 2026

This is the last day of spring semester. No aid can be processed after this date for the 2025-26 academic year.

GIFT AID AND WORK-STUDY

ST. THOMAS SCHOLARSHIPS AND GRANTS

These scholarships are funded by the university or established by donors as gifts to the university. Recipients are selected according to the terms of the scholarship program or the donor. Incoming first-year students who are offered a St. Thomas Scholarship or Founders Grant may receive funding for eight semesters (fall and spring semesters only) or until graduation, whichever comes first, provided the student meets the necessary renewal criteria. To renew any St. Thomas gift aid, recipients must remain consecutively enrolled as a full-time St. Thomas student, achieve at least a 2.0 grade-point average and maintain satisfactory academic progress (see page 16). Recipients of some scholarship funds will be contacted by the St. Thomas Development Office with instructions on sending a letter of appreciation to the donor of their funds. Scholarship funds that require a thank-you letter will be disbursed to a student's St. Thomas account after the Development Office notifies the Financial Aid Office that this requirement has been satisfied.

VETERANS EDUCATION BENEFITS

Military veterans and/or their dependents may be entitled to a variety of benefits to assist with educational expenses. More information regarding the certification of veterans benefits, the Yellow Ribbon Scholarship Program and other resources is available at stthomas.edu/veterans.

FEDERAL AND STATE WORK-STUDY

The Federal and State Work-Study programs provide students an opportunity to work on campus or in a few positions located off campus in the community. Being awarded work-study is not a guarantee of a job. Students at St. Thomas apply for and obtain their own jobs. Students with a Federal or State Work-Study award are given priority for positions, provided they have the required qualifications. Available positions will be posted on the Human Resources website (stthomas.edu/jobs). First-year students may begin looking for campus employment after they attend orientation and have registered for classes. St. Thomas also offers job opportunities with a number of community partners for students eligible for Federal and State Work-Study programs. These positions are also posted on the Human Resources website.

Students generally work approximately 10-12 hours per week to earn their work-study awards, which range from \$500 to \$4,500 per year. Work-study compensation starts at \$15.97 per hour and may increase based on the responsibilities required for the position. Work-study earnings are subject to federal and state income taxes, but in most cases are not subject to FICA tax. Income earned from work-study is made available to students in the form of a paycheck, direct deposit into a bank account or as a payment toward a student's bill. Work-study awards are listed on the Financial Aid Offer as financial aid. It is up to the student to decide how, or if, work-study earnings will be used to pay the student's bill.

ATHLETIC FINANCIAL AID

Students offered athletic financial aid should refer to their University of St. Thomas Tender of Athletic Financial Aid for terms and conditions.

FEDERAL AND STATE GRANT PROGRAMS

Eligibility for the following federal and state grant programs is based on the results of the Free Application for Federal Student Aid (FAFSA). Need-based grant programs are available to students who demonstrate exceptional financial need.

FEDERAL PELL GRANT

Students are eligible to receive the full-time maximum as long as they are enrolled in three courses (12 credits) or more each semester. Federal Pell Grant recipients are eligible to receive full-time Pell Grant funding for a maximum of six academic years (12 semesters).

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG)

Availability of SEOG funding is limited and awarded to students who qualify until funds are exhausted. SEOG funding can range from \$500 to \$4,000 each year.

MINNESOTA STATE GRANT

These state funds do not have to be repaid and are awarded to Minnesota residents who demonstrate financial need. Unless otherwise specified, the Minnesota State Grant indicated on your Financial Aid Offer is based on enrollment of 15 or more credits per semester. If you plan to enroll in fewer than 15 credits per semester, you must inform the Financial Aid Office and your

award will be recalculated. The University of St. Thomas must ensure that you meet all eligibility and residency requirements to receive Minnesota State Grant funds. If we cannot clearly establish this from the information we have on file, you will be sent a State of Minnesota Financial Aid Application to complete and return to our office. Your Minnesota State Grant cannot be finalized until this determination is made.

OTHER MINNESOTA STATE AID PROGRAMS

The state of Minnesota offers additional aid opportunities including the Postsecondary Child Care Grant, Minnesota Indian Scholarship, Public Safety Officer's Survivor Grant, Teacher Candidate Grant, and MN GI Bill for eligible veterans from Minnesota. More information is available at oh.state.mn.us.

GRANT FUNDS FROM EXTERNAL AGENCIES

Any offered financial aid supported by funds through a grant the University of St. Thomas received from an external agency are contingent on the continued existence of the grant and the availability of the grant funding. This may be wholly or partially reduced or withdrawn at any time if grant funding becomes unavailable for any reason, including due to grant termination, modification or suspension.

INFORMATION FOR TRANSFER STUDENTS

UST TRANSFER AWARDS

Transfer awards are funded by the university or established by donors as gifts to the university. Students who are offered a UST Transfer Award may receive funding for a maximum of 192 total credits (attempted St. Thomas credits plus all transferred credits) or until graduation, whichever comes first, provided the student meets the necessary renewal criteria. To renew UST Transfer Award funding, recipients must remain consecutively enrolled as a full-time St. Thomas student, achieve an institutional GPA of 2.0 or higher and maintain satisfactory academic progress (see page 16). UST Transfer Award funds are only disbursed during the fall and spring semesters.

ST. THOMAS GRANTS

St. Thomas grants are funded by the university or established by donors as gifts to the university. St. Thomas Grant funds are awarded to transfer students who demonstrate financial need as determined by the Free Application for Federal Student Aid (FAFSA). These grant funds are awarded on a first-come, first-served basis and eligibility is determined every year. To receive a St. Thomas Grant (if eligible), students must enroll at least half time (six or more credits), remain enrolled consecutively at St. Thomas and maintain satisfactory academic progress (see page 16). St. Thomas Grant funds are only disbursed during the fall and spring semesters.

FEDERAL GRANT PROGRAMS

Please refer to page 7 of this guide for a complete listing of federal grants.

MINNESOTA STATE GRANT

Please refer to page 7 of this guide for more information about the Minnesota State Grant program.

TRANSFER STUDENT MONITORING PROCESS

All new transfer students who have applied for financial aid are monitored by the U.S. Department of Education National Student Loan Data System (NSLDS). Federal regulations do not allow students to receive federal grants and loans simultaneously at more than one institution. The University of St. Thomas is notified by NSLDS if another school has processed financial aid for a transfer student during the same academic year. The University of St. Thomas can begin monitoring students 30 days prior to the beginning of the term. The Financial Aid Office is unable to process and disburse financial aid for students during this initial monitoring period. It typically takes two weeks for this initial monitoring period to take place and for financial aid processes to resume. Students remain on the NSLDS monitoring system for 90 days.

FEDERAL LOAN PROGRAMS

FEDERAL DIRECT LOANS

A Federal Direct Loan is a long-term, fixed-rate loan made available to students. Typically, every student who files the FAFSA is eligible to borrow a Federal Direct Loan. Students may qualify to have a portion of their federal loan eligibility subsidized based on their financial need as determined by the FAFSA. A student must be enrolled at least half time (six credits) to be eligible to borrow a Federal Direct Loan.

Subsidized: The Federal Direct Subsidized Loan is awarded to students who demonstrate financial need as determined by the FAFSA. Interest on a Federal Direct Subsidized Loan does not accrue while the student is enrolled at least half time (six credits). Interest begins to accrue six months after graduation or when enrollment for fall or J-Term and spring semester falls below half time.

Unsubsidized: The Federal Direct Unsubsidized Loan is not a need-based loan. Interest accrues on this loan prior to repayment. The student has the option to make interest payments during the in-school period, or to allow the accrued interest to be capitalized (added on) to the principal balance at repayment.

INTEREST RATE

The interest rate is 6.53 percent for the 2024-25 academic year. This rate is set annually for new loans. Once the rate is set it is fixed for the life of the loan. The interest rate for 2025-26 Federal Direct Loans should be similar but will not be known until June 2024.

DEPENDENT ANNUAL LIMIT

First-year student: \$5,500 (up to \$3,500 may be subsidized)
Sophomore: \$6,500 (up to \$4,500 may be subsidized)
Junior/Senior: \$7,500 (up to \$5,500 may be subsidized)

INDEPENDENT ANNUAL LIMIT

Dependent annual limit
+
First-year student/Sophomore: \$4,000 (always unsubsidized)
Junior/Senior: \$5,000 (always unsubsidized)

AGGREGATE LIMIT

Dependent: \$31,000 (no more than \$23,000 may be subsidized)
Independent: \$57,500 (no more than \$23,000 may be subsidized)

FEES

1.057 percent origination fee, effective through Sept. 30, 2025.

REPAYMENT TERM

Typically 10 years, begins six months after student graduates, leaves school for any other reason or enrollment is reduced to less than half time.

SUPPLEMENTAL LOAN OPTIONS

FEDERAL DIRECT PLUS LOAN FOR PARENTS

For families who need to borrow beyond the Federal Direct Loan limits, the Parent PLUS Loan is one option. The Federal Direct Parent PLUS Loan is available for parents to borrow on behalf of dependent undergraduates who are enrolled at least half time (six credits). A credit analysis is required. Students must have a current FAFSA on file in order for their parent(s) to apply for a Federal Direct Parent PLUS Loan. More information is available at stthomas.edu/otherloans.

When a Federal Direct Parent PLUS Loan is Denied Due to Parent's Credit

If a Federal Direct Parent PLUS Loan is denied because of a parent's credit history, families have three options. The parent may appeal the decision due to extenuating circumstances, secure a credit-worthy endorser (co-signer) for their PLUS Loan or the student may borrow an additional Federal Direct Unsubsidized Loan. For information about appealing a denial or using an endorser, the parent should contact the Student Loan Support Center at (800) 557-7394. If a denial is overridden by either an appeal or adding an endorser, the parent borrower is required to complete online loan counseling before the PLUS Loan can be disbursed.

To apply for the Federal Direct Unsubsidized Loan in the student's name, contact the Financial Aid Office. Under this option, the student is limited to borrowing a maximum of an additional \$4,000 they are a first-year student or sophomore and an additional \$5,000 if they are a junior or senior.

INTEREST RATE

The interest rate is 9.08 percent for the 2024-25 academic year. This rate is set annually for new loans. Once the rate is set it is fixed for the life of the loan. The interest rate for 2025-26 federal Parent PLUS Loans should be similar but will not be known until June 2024.

ANNUAL LIMIT

Total cost of education minus any other financial aid received.

FEES

4.228 percent origination fee, effective through Sept. 30, 2025.

REPAYMENT TERM

Up to 10 years. Principal and interest repayment begins 30 to 60 days after final disbursement. Parent borrowers may request deferment if necessary.

If you decide to borrow a private educational loan, you are encouraged to carefully evaluate the terms of each loan program to determine which loan will best suit your needs. Some lenders offer private education loans for parents, family members or other individuals to help pay for a student's education. The University of St. Thomas is willing to work with any lender to provide the supplemental financing needed to pay remaining educational expenses on our campus.

PRIVATE EDUCATIONAL LOANS

Before applying for any private educational loan, students should file the Free Application for Federal Student Aid (FAFSA) to take advantage of the federal student loans awarded to all students. We believe it is in the best interest of our students to borrow all of the federal loans available to them before pursuing any private educational loan. Private educational loans are loans made by banks or other lending institutions specifically for the purpose of funding expenses associated with postsecondary education. These financing instruments offer rates that are competitive when compared to secured loans such as car loans or home mortgages that require collateral. A student's eligibility to borrow a private educational loan is based on the terms of each loan and the student's overall credit profile, including repayment on prior credit obligations, and their current use of credit. A co-signer generally is required. More information is available at stthomas.edu/otherloans.

FEDERAL PLUS OR PRIVATE LOANS: WHICH IS BETTER?

Before borrowing any supplemental loan (PLUS or private), we recommend that all students utilize the federal subsidized or unsubsidized loans they have been awarded. Even though a student's federal loan eligibility may not provide the total amount needed to cover their remaining expenses, it is still in the student's best interest to take advantage of federal funding rather than securing one larger supplemental loan for the total amount needed. When deciding what type of supplemental financing to use in conjunction with a student's federal loan eligibility, we encourage families to consider the differences between the Federal Direct Parent PLUS Loan and other private educational loans.

FEATURE	FEDERAL DIRECT PARENT PLUS LOAN	PRIVATE EDUCATIONAL LOANS
Interest Rate	Fixed at 9.08 percent for the 2025-26 academic year.	Variable and fixed rates available, usually no cap. Many programs reset monthly or quarterly. Usually based on a consumer index (prime, commercial paper, LIBOR, etc.) plus a margin.
Borrower	Loan is in parent's name and is nontransferable.	Typically the student, with a credit-worthy co-signer who bears equal responsibility for the loan. Some lenders offer loans that parents or other individuals may borrow to cover a student's expenses.
Loan Amounts	Up to the cost of student's education minus other financial aid.	Minimum and maximum borrowing limits vary from lender to lender.
Fees	4.228 percent origination fee, effective through Sept. 30, 2025.	Fees vary from lender to lender. May include origination and/or repayment fees.
Repayment Terms	<ul style="list-style-type: none"> Generally repayment begins within 60 days after full disbursement. Length of repayment is 10 years from the start of principal payments. 	<ul style="list-style-type: none"> Interest accrues while student is in school. Some programs require students to make minimum monthly payments or interest-only payments while in school. If deferred, repayment usually begins six months after student graduates or leaves school. Length of repayment varies, usually 10-30 years.
Qualifying	Based on credit history; debt-to-income is not considered, making it easier to qualify.	Varies from lender to lender, but debt-to-income ratio is often considered in credit decision.
Effect on Credit Report	Will show as debt on credit report of parent.	Will show as debt on credit report of student and co-signer.
Deferment/Forbearance	Parent borrowers may request deferment of principal and interest payments as long as their student is enrolled at least half time. Unemployment and economic hardship also may qualify parent for deferment or forbearance.	Deferment of principal and interest is often available as long as the student is enrolled at least half time. However, some lenders only offer deferment of principal. Some lenders may offer forbearance. Check with lender for details.
Cancellation	Loan discharged if parent or student dies or if parent suffers total and permanent disability.	Loan discharge policy based on student's disability or death varies by lender.

HOW TO OBTAIN A FEDERAL LOAN

The Financial Aid Office at St. Thomas automatically awards Federal Direct Loans based on financial aid eligibility, which is determined by the Free Application for Federal Student Aid (FAFSA). Federal Direct Parent PLUS Loans are available, but are not automatically awarded. Students and parents who participate in federal loan programs are required to have their loan records submitted to the **National Student Loan Data System (NSLDS)**. Loan records on NSLDS will be accessible to guarantee agencies, lenders and colleges determined to be authorized users of the data system.

FEDERAL DIRECT LOANS

To obtain a Federal Direct Subsidized and/or Federal Direct Unsubsidized Loan, students must accept the loan(s) via Murphy Online. Once loans are accepted, students borrowing for the first time at St. Thomas will receive a request to take the following steps:

Entrance Loan Counseling

This online counseling requires student borrowers to read and answer questions about the Federal Direct Loan Program. It is intended to inform students of their rights and responsibilities as borrowers in the program. Go to studentaid.gov to learn more and complete a counseling session.

Complete MPN

The MPN is the official document a student borrower signs promising to repay his or her Federal Direct Loan. The MPN is completed online at studentaid.gov using your FSA ID as an electronic signature. Students who have borrowed in a previous year from the Federal Direct Loan Program may not be required to complete another MPN.

Annual Student Loan Acknowledgment

It is recommended that students and parent borrowers complete an Annual Student Loan Acknowledgment each year a new federal student loan is accepted or requested. First-time borrowers accepting a federal student loan are acknowledging they understand the responsibility to repay the loan. Borrowers with existing federal student loans are acknowledging that they understand how much they owe and how much more they are eligible to borrow.

FEDERAL DIRECT PLUS LOAN FOR PARENTS

To apply for a Federal Direct PLUS Loan for Parents, the parent borrower must log in to studentaid.gov using their FSA ID username and password and select “Apply for a Direct PLUS Loan.” Information on this form will be used by the U.S. Department of Education to initiate the application and credit authorization on the parent’s behalf. The parent borrower listed on the application or credit authorization must sign an online MPN using his or her FSA ID before any loan funds may be disbursed.

OUTSIDE SCHOLARSHIPS

This past year, St. Thomas students received just over \$2.7 million in private scholarships awarded by local foundations, community agencies, clubs, social and fraternal organizations, parents’ employers, etc. These scholarships are awarded based on a variety of factors such as financial need, academic achievement, ethnicity, community involvement, leadership, career plans and fields of study. It is truly worth a student’s time to search for these opportunities. Our office provides several tools to help you search for outside scholarships.

Our website also offers [links to free online scholarship searches](#), [tips for students applying for private scholarships](#) and [information about scholarship matching programs](#).

REPORTING

Students receiving funding from outside sources must notify the Financial Aid Office of these additional funds. If we are required to revise financial aid due to a student’s receipt of other resources, the student’s Federal Direct Loan(s) or work-study award will be adjusted first. Contact the Financial Aid Office if you have questions about how aid received from outside sources may affect your overall aid package. **Students may report their outside scholarships on Murphy Online or by submitting an Outside Aid Information Form.**

INFORMATION REGARDING SPECIAL CIRCUMSTANCES

If there are special circumstances that affect your ability to pay for educational expenses, you may submit a **Special Circumstance Application** to inform your financial aid counselor of your situation. You may download the application at stthomas.edu/financialaid/undergraduate/publicationsforms or contact the Financial Aid Office to have one mailed to your home.

Please note that costs associated with lifestyle choices or consumer debt (e.g., house or car payments, living without roommates, credit card purchases, etc.) and changes in income due to overtime, one-time bonuses, withdrawal from retirement accounts or gambling losses cannot be taken into consideration.

DISBURSEMENT

In most cases, the donor of your scholarship will provide specific details regarding how and when the funds will be disbursed or if you are required to submit any documentation to the donor before any funds will be released. Please contact the donor if you have questions regarding your private scholarship.

If your donor sends a check to you, endorse the check if needed and forward it to the Financial Aid Office. If the donor sends the check to the Financial Aid Office, you will be contacted by email if your scholarship check requires your signature. Private scholarship checks will be applied to your student account as they are received.

Unless your donor provides specific instructions, private scholarships will be credited to your student account in full, provided you are enrolled as a full-time student.

Acceptable reasons to file a Special Circumstance Application include:

- Death or disability of a parent or spouse
- Divorce or separation of parent or student
- Medical, dental or dependent care expenses not reimbursed by insurance or by an employer’s pre-tax cafeteria plan
- Unemployment
- Loss of child support and/or taxable Social Security benefits
- Business or farm closed due to bankruptcy, foreclosure or natural disaster
- Private high school, junior high or elementary tuition expenses for other family members
- Parents’ or spouse’s personal college loan payments
- Parent enrolled in college in 2024 or 2025 paying out-of-pocket college tuition expenses

ST. THOMAS PAYMENT PLANS AND BILLING PROCEDURES

ST. THOMAS PAYMENT PLANS

Your student account may be paid in full at the beginning of each semester (Sept. 19 for fall semester, Feb. 19 for spring semester) to avoid finance charges.

All students have the option to make monthly installment payments during the semester to ensure full payment of their account by the end of each semester. A minimum payment is required by the 19th of the following month, totaling four payments for the semester. The remaining balance, after the minimum payment has been deducted, will incur a 1.1 percent finance charge each month.

PAYMENT OPTIONS

St. Thomas accepts cash, check or electronic payments. Cash and check payments can be made in person at the service window located on the first floor of Murray-Herrick Campus Center outside the Business Office or mailed to:

University of St. Thomas
Business Office
Mail 5002
2115 Summit Ave.
St. Paul, MN 55105-1096

Electronic payments can be made using your checking account, savings account or Visa, Mastercard, Discover or American Express credit card. Please note that a convenience fee will be assessed on credit card payments. All electronic payments are processed through the university's eBill system. Parents may make electronic payments on their student's account after the student adds the parent as an authorized user on the account.

BILLING PROCEDURES

Billing statements are produced in electronic format only; paper billing statements will not be mailed. You will be billed on a per-term basis, with the opportunity to pay in four monthly installments throughout each semester. The first eBill for the fall semester will be sent to the student's St. Thomas email account on or around Aug. 24. This date is Jan. 24 for the spring semester. The optional J-Term and summer sessions are separate billing terms, and any charges for J-Term or summer session are due in full by the end of the term.

The University of St. Thomas Payment Agreement and Disclosure Statement must be completed prior to or during the initial enrollment process and on file in the Business Office before a student can register for classes.

WHEN IS FINANCIAL AID CREDITED TO YOUR ACCOUNT?

Grants and St. Thomas Scholarships

Federal grants will be credited to your account no earlier than 10 days prior to the start of the term, assuming your financial aid file is complete. Institutional grants and scholarships as well as state grants will be credited to your account no earlier than 15 days prior to the start of the term, assuming your financial aid file is complete. J-Term and spring enrollment will be combined for federal and state financial aid purposes but not institutional grants and scholarships.

Student Loans

Most student loans will be disbursed in two equal payments. Generally, St. Thomas will receive half your loan proceeds at the beginning of the fall semester and the remaining half at the beginning of the spring semester. Your fall and spring loan disbursements will be credited to your student account after the 10th day of each term. If you are borrowing a supplemental educational loan from a lender that cannot forward your funds to St. Thomas via Electronic Funds Transfer (EFT), your loan funds will be mailed via paper check. Once you endorse your paper loan check in the Business Office, the funds will be credited to your student account.

Student Employment

Earnings from student employment may be credited to your student account once you have secured a job and have completed all required paperwork and earned wages. When completing the employment paperwork, you determine what percentage of your earnings will be applied to your account. Earnings are paid biweekly to your student account, in a paycheck or direct deposit to your bank account. If you choose to use your student employment earnings to pay your remaining account balance, any outstanding monthly balance is subject to a 1.1 percent finance charge.

STUDENT ACCOUNT ACCESS

PROXY ACCESS FOR PARENTS AND GUARDIANS

During the college search process, the Financial Aid Office is free to discuss the particulars of a financial aid offer with parents and guardians. However, once a student is attending courses at the University of St. Thomas, their student account is protected by the Family Educational Rights and Privacy Act (FERPA). At this point, students must provide a parent or guardian with special permissions before the Financial Aid Office can discuss any privileged information regarding financial aid records.

Proxy access also provides parents, guardians or other third parties with view-only access to certain sections (selected by the student) of the student's Murphy Online record.

The proxy access system will prompt the student to set a unique passphrase for each proxy. Financial aid staff

members will require a proxy to use their passphrase before sharing protected information over the phone. Parents and guardians will not need their passphrase to communicate with our office via email. However, financial aid staff will only include protected information in an email response being sent to a confirmed proxy email address.

General questions about financial aid are always welcome and do not require this access.

Accepted students may designate one or multiple proxies on their student account at any time. For complete instructions and more information about proxy access, please visit stthomas.edu/proxy.

ST. THOMAS SATISFACTORY ACADEMIC PROGRESS POLICY

Undergraduate students receiving financial aid must:

- Complete 67 percent of all attempted credits
- Achieve and maintain a minimum cumulative 2.0 GPA after the end of four semesters of enrollment. Semesters are defined as fall, J-Term and spring (combined), and summer for purposes of this policy.
- Obtain a first bachelor's degree within 192 attempted credits

Programs Covered by this Policy

All federal, state, and institutional grants, loan and work-study programs are covered by this policy. Institutional scholarships and awards are covered by this policy and subject to the criteria defined for the specific scholarship/award (for example, full-time, continuous enrollment).

ELIGIBILITY

Students must have a high school diploma or GED to receive financial aid. Students must be U.S. citizens or eligible non-citizens to qualify for federal aid and some state aid programs. Minnesota Residents who do not qualify to file a FAFSA may qualify for some state aid through the MN Dream Act.

Monitoring Progress

A student's progress will be monitored at the end of each term (financial aid period). For this policy's purposes, there are three terms defined as Fall term, Jterm/Spring term, and Summer term. Jterm and Spring term are combined into one term for financial aid purposes. All summer sessions are combined into one term. The assessment will be based on the student's entire academic record, including all transfer credit hours accepted by the university. Admission or re-admission to the University of St. Thomas and academic standing as defined by the Registrar's office may allow for a student's continued enrollment at the university. However, admission, re-admission or continued enrollment does not exempt the student from meeting the terms of this policy regarding financial aid eligibility.

Repeated Coursework

A student may choose to repeat courses in order to improve a grade. The institutional cumulative GPA will be recalculated using the highest grade from the course. While repeating a course may improve the GPA calculation, all credits are counted as attempted regardless of whether the credits are for the initial or repeated course. Once a student has received a passing

grade in a course, a student can only receive federal financial aid for one repeat of that course.

Remedial Coursework

St. Thomas does not offer remedial coursework. Enrollment in prerequisite coursework (MATH 005 and MATH 006) does not affect eligibility for financial aid. Because these are 0-credit courses, these courses do not count in the cumulative institutional GPA calculation, nor do they count as either attempted or completed credits.

Transfer Credits

All college level courses taken outside of the University of St. Thomas and accepted for credit at the university are counted as transfer credits. Transfer credits include those earned during regular enrollment at another post-secondary institution as well as those earned during the completion of a student's high school diploma or G.E.D. (e.g., AP, IB, PSEO, CIS, and CLEP). All transfer credits accepted by the university count as attempted and completed credits when measuring completion rate and are included in the maximum time frame calculation.

Maximum Time Frame

Undergraduate Baccalaureate students are eligible to receive financial aid for a maximum of 192 attempted credits. Attempted credits include all grades of "F", "R", "W" and "I". If a student begins a term and withdraws from all courses for the term during the 100 percent tuition refund period, the courses from which they withdrew count as attempted. Courses from which a student is allowed to withdraw without grade notation after the institutional refund period due to special circumstances are also counted as attempted credits. Courses that are repeated are counted each time they are attempted. All transfer credits accepted by the university are counted as attempted. Audited courses are not counted.

During the review period, if it has been determined that a student is unable to obtain the Baccalaureate Degree within the maximum timeframe, the students will be placed on Financial Aid Suspension (see below) and will be asked to submit an appeal with a graduation plan (see form link below). If the appeal is approved, the graduation plan with specified registration must be strictly adhered to in order to remain eligible for financial aid.

Completion Rate (Pace of progression toward a degree)

Students must satisfactorily complete 67 percent of all credits attempted. Satisfactory grades are "A", "B", "C", "D" and "S". Unsatisfactory grades are "F", "R", "I" and "W". Failure to maintain a 67 percent completion rate (cumulative) will result in a warning status (see below) If after the warning term the minimum standard is not met, financial aid eligibility is suspended.

Minimum Cumulative Grade-Point Average

Students must have a minimum institutional cumulative GPA of 2.0. Undergraduate Baccalaureate Degree students who do not have the minimum required GPA are placed in warning status (see below) and notified to return to compliance in the next term of enrollment by increasing their institutional cumulative GPA to the required minimum of 2.0. If after the warning term the minimum standard is not met, financial aid eligibility is suspended. Students in financial aid suspension do have the option to appeal (see more information below).

Warning Status

At the end of a term of enrollment if a student is not meeting either the Completion Rate or Minimum GPA standards of the Satisfactory Academic Progress policy, the student will be placed into a warning status for the next term of enrollment and will be eligible for financial aid during this warning term without needing to submit an appeal. If at the end of that warning term the student is not meeting the standards of the policy, financial aid eligibility will be suspended. Students who are in a warning status may choose to register for the next term, however, they should do so with caution. Financial Aid academic progress is not measured until after the grades for the previous term are due. In some cases, this date is after the date that the courses for the next term begin. If a student is enrolled for the term immediately after the warning term and they do not get back into compliance with their academic performance during the warning term, they are not guaranteed financial aid in that next term.

Suspension Status

A student who has been determined to be unable to complete their degree program within the maximum timeframe or is not meeting the other minimum standards for GPA and Completion Rate after the warning term is placed into a suspension status and is not eligible to receive financial aid until they meet one of the following conditions:

Continues to attend St. Thomas at their own expense and returns to full compliance with all standards of the Satisfactory Academic Progress policy;

Has an approved appeal (see below) documenting any extenuating circumstances which contributed to non-compliance;

Attends another institution and has credits accepted for transfer to St. Thomas to improve completion rate. This strategy has no impact for students not meeting the GPA criteria, as that measure is based on institutional cumulative GPA only.

Option to Appeal

Students who have had financial aid suspended due to not meeting the minimum standards of the Satisfactory Academic Progress policy may appeal to the Undergraduate Financial Aid Office. The appropriate appeal form should be submitted within 15 days of receipt of notification of being placed into a suspension status. All relevant documentation should be received within one week of the submission of the appeal form. Appeals submitted after this timeframe may be denied. Students may appeal due to a special circumstance such as illness or injury of the student, death of a relative or other circumstance that results in undue hardship to the student as documented by a third-party professional such as a healthcare provider, counselor, cleric, lawyer, etc. The appeal must be written by the student and should explain in detail the reasons the student has been unable to make academic progress. The appeal should also include in detail the strategies and resources that will be employed to ensure that the student will be able to make progress as required.

ST. THOMAS SATISFACTORY ACADEMIC PROGRESS POLICY

Probationary Status

The first term in which a student is enrolled after an appeal is approved is the probationary status term for financial aid purposes. If an appeal is approved, the criteria of the probationary status term are outlined for the student. Probationary status criteria will require specific academic performance measures and may include such things as monthly meetings with academic counseling staff, taking a study skills class offered by academic counseling, etc. If the student does not meet the criteria of their probationary status, financial aid eligibility will be suspended.

Academic Plan

In some cases, a student may not mathematically be able to return to compliance within one term of enrollment. If that is the case, the student may be placed on an academic plan for multiple terms. The criteria of the academic plan will be outlined for the student and will include specific academic performance measures designed to help the student meet the required standards. The academic plan may also include such things as meeting with academic advisors, taking a study skills course offered by academic counseling, etc. The academic plan will be reviewed after each term of enrollment to ensure that the student is meeting the criteria of progression outlined in the plan. If the student is not meeting the criteria of their academic plan, financial aid eligibility will be suspended. Students who

are in a probationary status or on an academic plan may choose to register for the next term, however, they should do so with caution. Financial Aid Academic progress is not measured until after the grades for the previous term are due. In some cases, this date is after the date that the courses for the next term begin. If a student is enrolled for the next term and they are not meeting all criteria of their probationary status or academic plan, they are not guaranteed financial aid in that next term.

Students Seeking a Second Baccalaureate Degree

Students seeking a second Baccalaureate degree are only eligible for federal loans (if they have not reached the aggregate limits of the loan program) and private loans. Such students are expected to receive their second degree within the maximum time frame as outlined in the Baccalaureate Degree Policy and will be held accountable for all other measures of progress outlined therein. Exceptions to the maximum time frame policy may be made on an individual basis. An appeal to extend the maximum time frame must include a full degree evaluation and graduation plan (see below) approved by an academic advisor and supporting statement from the advisor. Classes taken each term will be monitored to match with the plan submitted. Revisions to the plan are to be made with the academic advisor and submitted in writing to the financial aid office. Financial aid eligibility is subject to the review of the revised plan by the financial aid office.

FINANCIAL AID POLICY REGARDING WITHDRAWAL

RETURN OF TITLE IV (FEDERAL) AID

If you withdraw from the University of St. Thomas during a semester, J-Term or summer session, a calculation of earned versus unearned federal aid must be determined. This federal policy assumes you earn your aid based on how much time has elapsed in the term. If you receive federal financial aid, that aid may be reduced as a result of your withdrawal.

St. Thomas must complete four steps to comply with the federal policy:

- 1 For each class in which you were registered, we must determine whether you ever attended or participated in any academic activity.**
- 2 We must determine the withdrawal date.**
- 3 We must calculate the amount of earned federal aid.**
- 4 We must return any unearned federal funds to the appropriate program(s).**

To officially withdraw from the University of St. Thomas, you must make an appointment with Academic Counseling. If you need assistance in dropping your courses, academic counselors can assist you. Your courses can also be dropped on Murphy Online. If you fail to withdraw officially, the withdrawal date will become the midpoint of the term unless the university can document a later date. In certain circumstances, if an earlier date of last academic activity is determined, this date may be used in the calculation of “earned” federal aid.

If you withdraw before completing 60 percent of the term, you earn federal funds in direct proportion to the length of time you were enrolled. The percentage of earned aid is determined by dividing the total number of calendar days enrolled by the total number of calendar days in the term. If you complete 60 percent of the term, you earn all federal financial aid for the term.

The responsibility to repay unearned aid is shared by the institution (St. Thomas) and the student. The institution’s share is the lesser of unearned aid or unearned institutional charges. The institution’s share must be repaid to the federal aid programs in the following order, before the student’s share is considered:

- 1. Federal Direct Unsubsidized Loan**
- 2. Federal Direct Subsidized Loan**
- 3. Federal Direct Parent PLUS Loan**
- 4. Federal Pell Grant**
- 5. Federal Supplemental Educational Opportunity Grant (SEOG)**
- 6. Other Title IV Aid**

If you are required to repay a portion of your loan through the student’s share calculation, you will not be expected to return those funds immediately, but rather when repayment begins according to the terms and conditions of the promissory note. If your share includes grant funds, federal rules allow the grant to be reduced by 50 percent and the University of St. Thomas will repay these grant programs on your behalf. You will then be responsible for repaying this money to St. Thomas. If this causes undue hardship, a satisfactory payment arrangement can be made with St. Thomas.

INSTITUTIONAL CHARGES AND STATE AID REFUND POLICY

The Return of Title IV Aid calculation, as cited above, only considers federal funds, not institutional, state or outside funding sources that may be included in your financial aid package.

Depending on the timing of your withdrawal, you may qualify for a refund of tuition. If you withdraw during a period of time that allows for a tuition refund, a portion or all of your institutional, state and/or outside funding may need to be reduced or canceled. If you receive a 100 percent tuition refund on all courses for a particular term, all institutional funds will be returned to the aid program. State funding must be returned to the appropriate aid program(s) in accordance with the refund calculations prescribed by the state’s policies. If your tuition refund was not used to fully repay the Return of Title IV Aid, a proportional share of the remaining tuition refund must be returned to the appropriate state aid program(s). Outside funding will be returned in accordance with the policy of the outside aid provider. In general, outside aid providers request a full refund.

WHERE TO SAY "THANKS" FOR THE AID

You are strongly encouraged, and in some cases required, to express your appreciation for the funds you have received. Donors and legislators appreciate hearing how the funds they provide make it possible for you to attend St. Thomas and achieve your educational goals.

ST. THOMAS SCHOLARSHIPS

Recipients of endowed or restricted scholarships must log in to Murphy Online to view whether or not a letter of appreciation is required. If a letter of appreciation is required, the donor information needed to satisfy the requirement will be provided. Scholarship funds are paid to St. Thomas student accounts only after the St. Thomas Development Office notifies the Financial Aid Office that any requirements have been satisfied.

Recipients of St. Thomas funds not requiring a thank-you may still send a letter of appreciation to the following address:

"Name of Scholarship"
c/o University of St. Thomas Development Office
Mail DEV
2115 Summit Ave.
St. Paul, MN 55105-1096

For further information, contact:
University of St. Thomas Development Office
